Hold my body tight Hold that body

Oh hold me

I c u over there Body would I love 2 share oh

I hold u in my dreams But then I wake up Just a dream I'd do anything 4 u

Steal a star down from the sky

Write a song 4 birds 2 sing All I ask of u yeah

Just 1 thing baby

Just 1 thing

Just 1 thing

Hold my body tight All night Never let me go

Hold my body tight All night

Never tell me no Hold me

My body's all alone Need someone 2 take me home

Talk until the morning light Don't wanna do ya Just hold ya tight I'd do anything 4 u

Steal a star down from the sky

Write a song 4 birds 2 sing All I ask of u yeah

Just 1 thing baby

Just 1 thing

Just 1 thing

Hold my body tight All night Never let me go

Hold my body tight All night

Never tell me no Hold me

So come and put them arms around me Hold me real close Like an aura Surround me I need 2 feel y

Contemplating on a vision vibrating

Waiting with the key 2 set your feelings free Whatcha gonna do 4 me

'Cos I'd do anything 4 u

Steal a star down from the sky

Write a song 4 birds 2 sing All I ask of u yeah

Just 1 thing baby

Just 1 thing

Hold my body tight All night

Never tell me no Hold me

Hold my body tight All night Never let me go
