

# EAST CLUBBERS & DJ ADAMUS, UNDERWATER

Oh, you've got me  
I'm feeling like no other  
I'm too lucky  
I'm breathing under water  
Now, who loves me  
It doesn't really matter  
Only with you I feel like I'm new  
I'm so happy to live my fairytale  
It's still shocked me to be the Neverland  
Love has found me  
You stole my heart  
And I'm burning for you  
And I'm burning for you

I'm dreaming all my life  
About that crazy feeling,  
Guessing all the time  
Who would be the one  
Every day and night  
Every magic moment  
Every day I will burn my world for you  
I will burn my world for you!

I will burn my world for you! /5x

Now I've got you  
I feel like no other  
We're too lucky  
We're leaving under water  
'Coz you love me  
And nothing else matters  
Only with you I feel like it's true

I'm so happy to live my fairytale  
It's still shocked me to be the Neverland  
Love has found me

And I'm burning for you  
And I'm burning for you
