

# Easy Listening Stu, Monster

Oh, c'est la vie  
thats the way it is my friend  
nothing is for free  
the day that high school ends

Life is a monster  
is this all in vain?  
Life is a monster  
please spare me from the pain

Why am I so clumsy?  
she thinks I'm a fool I fear  
now I'm swimming not through sorrow  
but in a sea made up of tears

Life is a monster  
burning in your brain  
life is a monster  
why is she so vain?

When I saw you for the first time  
you were cold and I was scared  
now I see you for the last time  
and I can't get you out of my head  
get out of my head
