

# Easyworld, A Stain To Never Fades

You'll always be to me  
A stain to never fade  
The worst mistake I've made

A blemish on an otherwise detestable career  
A studied insincere

But I'll always be to you  
A record overplayed  
The rain on your parade

Will you never look at me  
And see beautiful again  
I would I were the same

But I look for always...

I don't want to understand  
To make it go away  
Or hush myself when I just want to say  
Will you never be to me  
A surface kind of friend  
I do believe that this is not the end

It's not the end

I'll always be to you  
A stain to never fade  
The worst mistake you've made

An episode to file under "never try again";  
I would I were the same

But I want to be your adrenaline  
The redness across your chest  
Oh lover I confess

Though you'll always be to me  
A stain to never fade  
I'd do it all again

Because I look for always...

And still I stand with the persistence of an idiot  
Still I stand will I say...

Hell, I do believe that this is not the end
