

Eaton Chris, Something New

When you pass through the waters,
I will be with you, I'll watch over you
When you walk through the valleys,
I will comfort you,
For I am the Lord your God who lights the way
There's no need to be afraid
Don't let the past keep holding you back
Don't lose the dream in which you believe
For I want to do, deep within you, something new
When you're dry as a desert, you can drink from me
water rich and free
When you need some forgiveness
I will show you mercy and light a fire
That will burn a brand new road
It will show you where to go
Don't let the past keep holding you back
Don't lose the dream in which you believe
For I want to do, deep within you, something new
You can make a difference, for a better way
But living for tomorrow means making the best of today
Turn the page and you will see,
just how rich your life could be
Don't let the past keep holding you back
Just watch the dream be reality
Open your heart so that I can do something new
Open your heart so that I can do something new
