[Gangsta Dresta]

so I suggest get in ya sh*t and keep truckin` bit*h

before I get my gat ya pressure case

Blast, blast I leave my gang bang layin` on ya face

and you won`t see R.I.P.

you`ll see P.N.D.

a Punk nigga deceased yeah

and the bit*h that was yours will be mine buddy

all because ya woofed on a nigga that was nutty

and I had to make an example

nigga thinks I`m crazy now but that was just a sample

of a nigga with street wise reality

that don`t give a f**k type Compton mentality

I stare back death right in the face

contemplate my last day on and everyday base

cause a nigga neva know when he go

I hope it only takes one shot

cause I don`t wanna die slow

my funeral will be full of my peers

people that neva gave a f**k about me droppin`

threw me tears

I hope I`m in the casket face down

so all you muthaphukkaz can kiss my black as* now

and f**k all that cryin` all night

just be happy that I`m rid of this f**ked up life

Yeah, and now you see you can`t handle me

I give a shout to Tonel and the Ruthless Phuckin Family.

[Eazy-E]

[Sylk]

Now it`s about time for the Sylk to speak

check dat as* last weak

you off the chronic and you tweak

speak when I feel

cause I`m as real as they come

I`m a bit*h with a gun

neva run ain`t for none

so step, step up

if ya wanna test ya luck trick

Sister like Sylk

don`t really giva a f**k bit*h

I make ya self break ya self bit*h you neva new me

yours truly no longer layin` in the cut

steady phuckin` sh*t up

neva see me shakin` my butt I strut
