Echo Image, Come Back

Come back for you
It's always the same thing
I fall back to you
It's always the same thing
It's always the same
I need you

Come back to me
Let's make it the real thing
Come fall back to me
I'm laying here waiting
I'm waiting patiently

Feel my heart reaching out to you
Do you hear me calling
Know why I feel the way I do
Can't you see me falling

It's always the same thing
It's always the same
I need you

Feel

Feel my heart reaching out to you
Do you hear me calling
Know why I feel the way I do
Can't you see me falling
