

# Echo & The Bunnymen, Lost On You

It's just a dangerous bend  
On a slippery slope  
Another rainbow's end  
On the highway of hope  
It's always next time  
Always next time  
Always last time

Just get me out of this jam  
It's stuck to me like glue  
And I can't remember who I am  
My memory lost on you

I had things inside my head  
And they put me behind them  
Though they'd be safe in my head  
And now I just can't find them

It's just a trick of the light  
And some sleight of hand  
Another kiss goodnight  
Along the rise of man  
And it's the last time  
It's the last time  
'til the next time

So get me out of this jam  
It's stuck to me like glue  
And I can't remember who I am  
My memory lost on you

It's gone and that's too bad  
The best thing that I ever had  
Had the whole world in my mouth  
Ate it up and spat it out
