

# Echo & The Bunnymen, Stars Are Stars

The sky seems full  
When you're in the cradle  
The rain will fall  
And wash your dreams

Stars are stars  
And they shine so hard

Now you spit out the sky  
Because it's empty and hollow  
All your dreams  
Are hanging out to dry

Stars are stars  
And they shine so cold

I saw you climb  
Shadows on the trees  
We lost some time  
After things that never matter  
I caught that falling star  
It cut my hands to pieces

Where did I put that box  
That had my name in it  
I saw you climb  
Shadows on the trees  
We lost some time  
After things that never matter

Cards are played  
And the clock's real heavy  
Say you're numb  
Make another day

You came here late  
You've gone home early  
Who'll remember now  
You've gone away  
Gone away  
Gone away
