Echo & The Bunnymen, Too Far Gone

Heaven come on Don't try to catch me When I fall I don't belong You won't even hear me When I call

Touch down There's no warning Just my spirit falling Falling

Something's wrong You don't want to hear The things I know Too far gone Gone so far There's no where left to go

Touch down There's no warning Just my spirit falling

Something's wrong You don't want to hear The things I know Too far gone Gone so far There's no where left to go

Get me out of the here and now I want to be another here Another Set me up 'cos I know how It's easy

Sucker-sucker-sucker Sucker-sucker-sucker Sucker-sucker-sucker

Shooting stars
Love the way they burn
Inside your eyes
From here to the end
Burning up the cold
And lonely sky

Touch down There's no warning Just my spirit falling

Something's wrong You don't want to hear The things I know Too far gone Gone so far There's no where left to go

Get me out of the here and now I want to be another here Another Set me up 'cos I know how It's easy Sucker-sucker-sucker Sucker-sucker-sucker Sucker-sucker-sucker

Heaven come on
Don't try to catch me
When I fall
I don't belong
You won't even hear me
When I call
When I call
When I call
When I call

Something's wrong You don't want to hear The things I know Too far gone Gone so far There's no where left to go

Get me out of the here and now I want to be another here Another Set me up 'cos I know how It's easy
