

# Ed Sheeran, Nothing on You (feat. Paulo Londra

if i feel it  
can you feel it tonight?  
I feel the fire between you and i  
I mean it  
don't yu turn off a light  
though I don't wanna leave you ever  
no!  
she was like" Dang Boy  
I never took you for a one night stand  
so don't make plans

for nothing but me and a lil romance  
hey you and i  
whiskey on ice  
maybe later we can turn down  
all the lights  
so keep 'em on whit nothing on

I was roling ip something whit you  
kickin' back in a way that we do  
I got everything need in this room  
smoke clouds and a scent of erfume

know my friends are in the club  
and they keep ringin; my phone  
but they ain't got nothing on you  
and you ain't got nothing on you

Miami, suelo acobardarme pero  
hoy tomo alcohol  
quiero comentrale que no se que paso  
desde qur salimo por la tarde los ods  
a besarnos los dos  
hasta hacer el amor  
ahora tengo tu olor  
vena a la habitacion  
lo que hacemos los dos, no se  
puede igulalart , paracemos ficcion  
cuando entramos en naccion
