

Eddi Reader, Good Girl

Shes a good girl
Shes a soft shoulder
Shes a good girl
Shes a hand-holder
Holding her own all the while you look the other way
She held it all

Shes a good girl
A carpet dancer
Shes a good girl
Bare-foot answers
So straight and real and no time at all
She give it away

This is a house full of things for throwing
This is a house full to the brim with knowing how to turn it around
To turn it all around
To turn it all around

Just when youre looking the other way
She held it all

Shes a good girl
If you look youll find her
Shes a faith healer
A playground sidewinder
Shes a good good girl, spinning around to stop your fall

This is a house full of things for throwing
This is a house full to the brim with knowing how to turn it around
Ao turn it all around
To turn it all around
