

Eddi Reader, Prayer Wheel

You don't seem too glad to see me
Is it a bad time ?
Is there somewhere you'd rather be ?
Well it's about time
Don't forget about me, don't forget about me
Spin a prayer wheel for me sometimes
Don't let me slip out of your mind
Spin a prayer wheel for me sometimes

You'll see me later
Oh that's a good one
How about in the next life
Well that's the best one
Don't forget about me, don't forget about me
Spin a prayer wheel for me sometimes
Don't let me slip out of your mind
Spin a prayer wheel for me sometimes

It's happening again, we're unresolving
It's happening again

I can live your life and dream of wires
Or I can live my life among the angels and electricity
Don't forget about me, don't forget about me
You won't forget about me
Spin a prayer wheel for me sometimes
Don't let me slip out of your mind
Spin a prayer wheel for me sometimes
