

# Eddi Reader, The Shepherd's Song

Snow, a blanket of snow  
Has fallen and I'm calling  
For my little lost ones  
Only in my arms you'll stay  
Far from harm's way

Hold each other tight  
You'll be alright  
I was once a lost one  
Out abandoned in the snow  
But now I know

Near, I will appear  
Besides you when you're falling  
Oh my little lost ones  
And in my loving arms you'll stay  
Far from harm's way

And in my loving arms you'll stay  
Far from harm's way
