

# Eddie Fisher, Lady Of Spain

Lady of Spain, I adore you  
Right from the night I first saw you  
My heart has been yearning for you  
What else could any heart do?  
Lady of Spain, I'm appealing  
Why should my lips be concealing  
All that my eyes are revealing?  
Lady of Spain, I love you

Night in Madrid, blue and tender  
Spanish moon makes silver splendor  
Music throbbing, plaintive sobbing notes of a guitar

While ardent caballeros serenade:

Lady of Spain, I adore you  
Right from the night I first saw you  
My heart has been yearning for you  
What else could any heart do?  
Lady of Spain, I'm appealing  
Why should my lips be concealing  
All that my eyes are revealing?  
Lady of Spain, I love you
