

Eddy Arnold, Bear With Me A Little Longer

You say you're tired of struggling along bear with me a little longer
It seems the things I do turn out wrong bear with me a little longer
It hasn't been easy I know at least up to now
But if you'll understand me have faith in what I'm tryin'
I know we'll make it somehow
I'll say a prayer for you tonight I'll pray that your love will grow stronger
And soon everything will be all right bear with me a little longer

I've heard it said a thousand times you can't have heaven on earth
The law of average says things will get better we've already been through the worse
I'll say a prayer for you tonight I'll pray that your love will grow stronger
And soon everything will be all right bear with me a little longer
