

Eddy Arnold, Castle Made Of Walls

(We'll hide away in our castle made of walls)

Close the blinds draw the drapes lock the doors
Tonight our home will be just mine and yours
Take the phone off the hook so no one will intrude
No jingling bell to break the spell and spoil the mood

Turn down the lights and make the music soft and low
There's no one else on earth but us for all we know
We're king and queen of all we survey here in our love hide away
Till daylight falls on our castle made of walls

Turn down the lights...
We'll hide away in our castle made of walls
