## Eddy Arnold, Chapel on the Hill (RCA Victor) (195

I can hear the organ playing gentle strains of peace be still I can see my mother praying in the chapel on the hill

While the choir turns the pages in my heart I feel a thrill Now they're singing Rock of Ages in the chapel on the hill How that vision makes me ponder and I know it always will Till my weary footsteps wander to the chapel on the hill

(I can hear the organ playing... How that vision makes me ponder...
