

Eddy Arnold, Don't Laugh At My Love

Don't laugh at my love it's all that I've got
You can put him above but don't laugh at my love

I don't have much to offer just my love everyday
And if that's not enough dear there's just one thing I pray

Just don't laugh at my love...

And when it's all over and you've made up your mind
You decided you need him and you leave me behind

Just don't laugh at my love...
You can put him above but don't laugh at my love
