

Eddy Arnold, I Really Go For You

I really go for you knowin' in my heart you won't be there
I'd cross the seven seas your smallest whim to please
Around the world and then all the way back again
To love the way I do seems so unfair
I really go for you knowin' in my heart you won't be there
I really go for you oh can't you see
How much I want you to go for me
A little love that's true each none and all
I really go for you dream a mighty big to be so small
I really go for you it's more real
I really want you to feel what I feel
The message can't get through my heart could say
I really go for you I wish you go with me all the way
