

Eddy Arnold, It Comes And Goes

Everybody asks me if I still love you and if you're still on my mind
They ask me to tell about my broken heart and I tell 'em that I'm feelin' fine
so I lie a little bit and I proudly say our book of love is closed
And your memory never bothers me and when it does it comes and goes

It comes and goes all right it comes every morning and it goes all night
I save a lotta pride and I haven't really lied
I tell 'em that it comes and goes

Everybody asks me if I cried when you left me and if I've cried for you since
They ask me to tell so they can all get together and laugh it up at my expense
So I lie a little bit and I proudly say not one teardrop flows
If there is a little pain it's not a constant thing it kinda just comes and goes

It comes and goes all right it comes every morning and it goes all night
I save a lot of pride and I haven't really lied
I tell 'em that it comes and goes.
