

Eddy Arnold, Roses To Reno

Send some roses to Reno maybe it's not too late
If the roses reach Reno maybe baby will wait

Baby's gone she's out of sight it all happened over night
But how long I should have stayed and that was yesterday before I'd found
Baby's Reno bound

Send some roses to Reno...

Never thought she'd say goodbye guess my thoughts were all a lie
Baby smiled on me for just a little while and baby let me down
Baby's Reno bound

Send some roses to Reno...
