THE OTHER SIDE OF LONELY

(Cindy Walker - Lee Fykes)

'66 Unichappell Music

(On the other side of lonely)

On the other side of lonely is where I wanna be

On the other side of lonely where once you were with me

I'll hold on to memories that won't set me free

While the other side of lonely is where I wanna be

(On the other side of lonely)

On the other side of lonely is where I wanna be

On the other side of lonely is where you wait for me

I'll hold on to pieces of a love that used to be

While the other side of lonely is where I want to be

I'll hold on to memories that won't set me free

On the other side of lonely is where I wanna be
