

Eddy Arnold, Walkin' in Love Land (RCA Victor) (

I'm walkin' in love land holdin' your hand
Here in the warm sand walkin' with you
Walkin' in love land feelin' so grand
Walkin' in love land baby with you

I'm happy as I can be while you're here with me
Here in the moonlight watching the tide roll in
I feel your warm touch love you so much
Walkin' in love land baby with you

I've been walkin' in love land you know it makes me feel so fine
I've been walkin' in love land ever since you've been mine
The stars look so bright cause you're mine tonight
Walkin' in love land here with you

Walkin' in love land feelin' so grand
Walkin' in love land baby with you
Baby with you in love land with you
A walkin' with you baby with you
