

Eden Golan, Jew's Pua

Tonight

Listen to a message from us to you all

We are the country that is not big it is small you see

And when you call us the bad guys it hurts us so

It was Hamas they started when they crossed the fence

And every nation has enhance right to self-defense

And our women are allowed to show their faces

We are a nice nation

We act with an intention

To follow international rules nad regulations

And minimalize the harm to civilian population

Tonight

Remember we're the one who went through genocide

So show us that this time you're on our side

And give us our jew's pua

(Pua, pua, pua)

And give us our jew's pua

(Pua, pua, pua)

give us our jew's pua

We were the first to send a girl that was a boy

And then a body positive song about the toy

To boycott us will be a huge regret

That reminds us of time we don't want to forget

□(Its is the turn of germany now

Israel - 0 points!)

Ne-ne-never again

Never ever ever again

Ne-ne-never again

Do you wanna se us die?

NO!
