

# Eden's Bridge, Evening Prayer (Safe ?til Morning)

The night closes in  
I draw down the fire  
Make hold, make safe  
For another hight  
Door closed and last  
Of all, the shutters  
My nightly prayer  
By candle light  
My Pointed finger  
Takes in my family  
From old to small  
Remembered by name  
Each wall, each chamber  
Wherever they are sleeping  
Is brought to you  
In Jesus name

The Spirits breath  
To guard our sleep  
And with Thy sword  
Our safety brings  
You shield our home  
With angels wings  
And bring us safe to morning

This simple task  
Is mine for the doing  
His care and protection  
Are there when I ask  
Take hold, be safe And secure in His keeping  
And rest in the arms  
Of the first and the last
