

Edge Of Dawn, Descent (Fractured Remix)

This sorority deserves no mercy

Pretty, annoying, dead
A provocation and a
Bad case of ruby red
Skinny, annoying, dead
Rise and fall

PYT
Here's to summer heat
And sweat
Skin in mad abundance
Regret? Reset!
AYT
One for you and three for me
Availability, no responsibility

Pretty, annoying, dead

CYT
Smoke this trident just for me
Blatant arrogance
Fake some innocence
DYT
Three on you is good fun for me
This sorority deserves no mercy

Smell of sunscreen
Do you mind a bit of cream
Omega Chi
Do you really wonder why

Pretty, annoying, dead
Skinny, annoying, dead
