

# Edge Of Sanity, Bleed

Greetings from chosen of the dark again.  
I am the new messiah, new fucking sin!  
I'm more brutal.  
The true heart in me goes  
How would you like to choke on your own blood, motherfucker

So feel the piercing pain, pain!  
As I explore your thoughts  
And as I rape your mind even your subconscious will bleed.

I give you damaged emotion,  
I give you agony unknown,  
I am the purest form of evil I kicked Satan off his throne,  
Look into my blackened eyes, get on your knees,  
I am a dark old demon obey!! obey....

So feel the piercing pain, pain!  
As I explore your thoughts  
And as I rape your mind even your subconscious will leave,

So feel the piercing pain as I destroy you motherfucker,  
And as I rape your mind even your subconscious will bleed
