

Edgewater, Break Me Out

I sit
I sit and watch my days
they disappear
waste away in fear
will you wait?
won't you wait?
will you wait?
wont you wait for me?
Do you still believe I'll free myself?

In my cell
sunlight breaks oh well
cant you see? what this place has done to me
Do you still believe I'll free myself?

did you wonder?
did you notice?
How I slept today.. yea
Did you wonder?
won't you just break me out?

and I said.. break my out
wont you.. break me out?
and I said.. break me out

won't you, won't you wait?
won't you, won't you wait?

why can't?
you won't
I am
you don't
Break me
save me
liar I am(4x)

did you wonder?
did you notice?
How I slept today.. yea
Did you wonder?
wont you just break me out?

and I said..

did you wonder?
did you notice?
How I felt today.. yea
Did you wonder?
wont you just break me out?

and I said.. break my out
wont you.. break me out
and I said.. break me out
