

Edgewater, Quitter

So disappointed
always a step behind
Can't you hear all of the noises
scraping the back of my mind

Did you realize?
that I so despise
all those times I've wasted counting on you?
Yeah

I'm so sick of being used
why can't you see im falling apart?
why are you walking from me?

why can't you say it?
the silence is jaded
so shut your mouth
'cause I'm sick of it
the time has come
just to call it quits
and walk away
let me be

such an insult
such a traitor
what defines the name that you cater?
such a curse
such a quitter
All I hear is the words that you shadded and
Did you realize?
that I so despised
all those times I've wasted counting on you? yeah

I'm so sick of being used
why can't you see?
Im falling apart
Why are you walking from me?

Why can't you see it
the silence is jaded
so shut your mouth
'cause I'm sick of it
the time has come just to call it quits
and walk away
let me be

walk away(4x)
why cant you see?yea
falling apart

so disappointed as you walk away
as you walk away
dead and avoided as you slip away
and you kneel and pray

walk away(4x)

why can't you see?
Im falling apart
Why are you walking from me?

Why can't you see it
the silence is jaded
so shut your mouth

'cause I'm sick of it
the time has come just to call it quits
and walk away

let me be

walk away(2x)
