

Edguy, Fucking With Fire

I saw her coming in high heels
moving like a queen
A little sweet angel but deep underneath
a mean machine

You're lying in wait to make me a fool
you want me to bite
I'm gonna take the bait and the hunter for afters
I'll take you for a ride

I don't wanna play no games
cause I'm a bad bad boy-all around
Let me be your Titanic before you know what's going on
I may go down..

Fucking with fire-I'm coming to rock
got my rocket on fire and I take what I want
Fucking with fire-loaded and cocked
you never miss it until you've begun
with the hair force one

Don't make no mistakes, don't you miss out
on the hell of a time
I'm a real go-getter and there's no doubt
that down the line

I know what you want and I know what you need
your secret desire got the gloves of a man
the hands of a beast
and my pants on fire

And I don't wanna play no games
cause I'm a nasty bad boy-all around, around
Let me be your Titanic, before you know what's going on
I'm going down...

Fucking..
