Edguy, Fucking With Fire (Hair Force One)

I saw her coming in high-heels Moving like a queen A little sweet angel but deep underneath A mean machine

You're lying in wait to make me a fool You want me to bite I'm gonna take the bait And the hunter for afters I'll take you for a ride

And I don't wanna play no games 'Cause I'm a bad, bad boy all around Let me be your Titanic Before you know what's going on I may go down

Fucking with fire - I'm coming to rock Got my rocket on fire and I take what I want Fucking with fire - loaded and cocked You never miss it 'til you've begun With the hair force one

Don't make no mistakes Don't you miss out On the hell of a time I'm a real go-getter And there's no doubt That down the line

I know what you want And I know what you need Your secret desire Got the gloves of a man The hands of a beast And my pants on fire

And I don't wanna play no games 'Cause I'm a nasty, bad boy All around, around Let me be your Titanic Before you know what's going on I'm going down. Now...

...Fucking with fire - I'm coming to rock
Got my rocket on fire and I take what I want
Fucking with fire - loaded and cocked
You never miss it 'til you've begun with the hair force one

Honey you know what? You know what I am...

...Fucking with fire - I'm coming to rock Got my rocket on fire and I take what I want Fucking with fire - loaded and cocked You never miss it 'til you've begun...

...Fucking with fire - I'm coming to rock
Got my rocket on fire and I take what I want
Fucking with fire - loaded and cocked
You never miss it 'til you've begun with the hair force one
