

# Edison Glass, When All The World We Have Is Ta

If I'm unable when you are calling  
When all we have is taken

Take my affliction  
I'm cured with your comfort  
Take my affliction

Take my depression  
I'm cured with your comfort  
Take my depression

Will you learn fire burns?  
When all we have is taken  
I'm falling to grace again  
When all we have is taken
