

# Edith Frost, On Hold

Better watch your step  
Better watch your step  
You'll be puttin' my heart on hold

Better hold your breath  
Better hold your breath  
You'll be jumpin' in deep hot water

Better watch your step  
Better watch your step  
Better not go changin' your mind

Better look at yourself  
Better look at yourself  
You'll be puttin' my heart on hold

Better look at yourself  
Better look at yourself  
You'll be puttin' my heart on hold
