

Editors, Distance

Distance

I'll keep my distance
These things I never seem to mean
So I leave the murder scene

Honey

What God broke here
Won't go back together again
So I'll leave this while I can

Nothing

To be scared of
My dreams, they keep a hold of me
My guides when I can't see

Call

I will be there
I'm sure your passing the test
I wish you all the best
