

# Eduardo Falaschi, Almah

Cells of a chemical trance  
Flow by the endless river ways  
Bringing seeds of time  
Memories of cold winter days  
Sleep through the screams of wind of change  
Erasing bleeding scars

New ways  
A new start  
Unreal time  
Reminds...  
You! You! You! That

Life is like a rainy day  
That comes to hide  
the sunshine  
Always it back again

Lonely you fly by the space  
And you know the thorn  
of wailing ages  
It's the journey of life  
Into the treasure of faith  
You find the holy secret keys  
And open hidden doors

New ways  
A new start  
Unreal time  
Reminds...  
You! You! You! That

Life is like a rainy day  
That comes to hide the sunshine  
Always it back again

Reaching the field of wealth  
I leave all my shadows behind  
I keep on singing I set free  
The sins I've been sowing inside
