

# Edward, Distracted

Im so distracted  
don't even know what is in my mind  
I'm so distracted all the time

I can't even think sometimes  
every on is viaing for what is inside my mind  
they advertise  
try and get me  
they're selling sex  
on the color tv screen  
to many movies and  
a bran new music sceen  
to many things in the way  
I don't know what to do

so I sit home and I watch my tv  
I can focus on you
