Me and the boys are feeling hot tonight
'cause tonight

Casino lights are everything!
Nnd we're double rolling and workin it hard

Hey baby can you see what I got
A roll of cash on me now

She Says

It's not your money

But then she's off in the morning

Then she's off all night in my limo
showing off like the girl's got it goin'

Ch

When it comes crashin'down
she'll be gone
I know she's got to get her way with me
I know the beauty's just
rollin' my pockets

She's a beautiful girl
she's just throwing her self down

She's goin down for money
She says she wants to go to New York
She says she's gonna meet me in LA
Be in New Orleans in the evening
Spending all
Suck my money
She says she loves me not my money
But isn't it so funny
