

# Edward, Whipping Boy

Our Love  
She casts her shadows on the wall  
She runs  
to me now  
Her eyes are sapphire doors  
Burning down  
her desires  
Calling on me to  
Whip me child  
boy  
whipping boy

Whip me boy

When she touches  
Heavens velvet glove  
Gives her strength  
To live  
I bow down at Her Feet  
She calls down  
the moon  
I 'm  
in love with you

Just says

Whip me boy

She tells me  
It's just the way  
she has to love  
She needs a chain  
Around her neck  
She tries & breaks away  
now

Whip me boy

whip me boy  
she desires my love'  
she desires
