

# Edwyn Collins, Little Things

Your first breath  
Your first pain  
Your first tears  
Your first year  
Your first smile  
Your first word  
Your first step  
Whatever's next  
Your first school  
Your first crush  
Your first kiss  
Consider this

It's not just happenstance  
Or force of circumstance  
God bless the little things  
That make the bigger things  
God bless the little things  
That make the bigger things

Your first love  
Your first lover  
Your first time  
Was like no other  
Your first fight  
Your first heartache  
Your first regret  
You can't forget  
Your first bar  
Your first drink  
Your best friend  
The bathroom sink

It's not just happenstance  
Or force of circumstance  
God bless the little things  
That make the bigger things  
God bless the little things  
That make the bigger things

Your first flat  
Your first debt  
Your first taste  
Of the worst case  
Your first job  
Your first boss  
Your first paycheck  
Now let's get wrecked  
Your first house  
Your first car  
Your first child  
And that's the story so far

It's not just happenstance  
Or force of circumstance  
God bless the little things  
That make the bigger things  
God bless the little things  
That make the bigger things
