

Edyta Górniak, I Remember

I remember
Laying out a mystic call
Found the answer
In the rhythm of my Soul
I chose the truth
Twas a miracle to me
And to you

And forever
From your heart within and out
In creation
Made of gold
A thousand lives
I chose myself

Threw the past unto the rain
To free my pain

And I remember why... Oh why

Here and now
I can see the beauty of life
Need to try every way
To understand
Look around

And everywhere you are
Love is never far from your heart
We are the living waves
A spark with grace
From the sky

Nadal Jestem
Białą kartką pośród was

And forever
With my love I trust in us
I found the truth
Still a miracle to me
And to you

So remember why... Oh why

Here and now
I can see the beauty of life
You need to try every way
To understand
Who you are

Nadal wiem - To Nie JA
Love is never far from your heart
We are the living waves
A spark with grace
From the sky
