

# eels, Lone Wolf

I am a lone wolf  
I always was and will be  
I feel fine, I am resigned to this  
I am a lone wolf  
I am a lone wolf

Got my cares  
Wrapped up all nice and neat  
In my suitcase  
I'll take it down the street  
To a place with plenty of space for me  
I am a lone wolf

I am a lone wolf  
It blows my mind  
That people wanna try to get inside my tired head  
I am a lone wolf  
I am a lone wolf

I am a lone wolf  
Nobody needs to get too close to me  
You'll only see this truth  
I am a lone wolf
