

# eels, Sad Foot Sign

Sad foot sign  
Why you gotta  
Taunt me this way?  
The happy side  
Is broken now  
It's gonna be  
An awful day  
And if I have  
To drive back by  
To see from  
A different side  
Would be enough  
To say  
The first time was  
A lie?  
Sad foot sign  
The end is coming  
That's what they say  
Maybe you could  
See it in  
Your heart for one day  
To let me feel  
What it's about  
To really be the life  
To live and breathe  
And see and feel  
Then I can die  
And when I come back  
To this room  
I'll put on  
A uniform  
And go into  
The foot sign shop  
Where you were born
