

Efterklang, The Ghost

Look at the way you
Look out where you walk!
What kind of fish you are?
I'll make you do some harm!
Look at the places
Look at what's wrong
What makes you feel so dark?
What makes you feel so dark?
The ghost, the ghost, the ghost
Any help I've got, I've got it wrong,
you're flicking through your tears
Ghost, the ghost, the ghost, I never was a ghost!
The ghost, the ghost, the ghost,
the ghost, I never I was ghost
The ghost, the ghost, the ghost,
the ghost, I never I was ghost

Taking it up, you take me up
Taking it up, you take me up
Taking it up, you take me up
Taking it up, you take me up
Taking it up, you take me up
