

Egon, What you wanna do

Wszyscy przeciwko nam
Dość mam już tych dram
Czuję, że nie jestem sam

Sygnal radiowy...

Now it's the time
For us to run away
They're hunting on us
We can't stay

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined

Whisper to me what you wanna do
Kill me slowly without a clue
Please be gentle with what I feel
It's not the space
It is so real

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined

Whisper to me what you wanna do
Kill me slowly without a clue
Please be gentle with what I feel
It's not the space
It is so real

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined

Deep inside in my mind
I don't wanna be defined
Deep inside in my mind
I don't wanna be outlined
