

# Eiffel 65, Journey

&lt;lyrics&gt;

The journey  
Into the people  
Into the sounds, into the truth  
The truth is out there, inside of you  
A journey, a journey in you

Journey  
Into the people  
People that reach out  
Reach out for something  
Again and again  
The journey  
Beyond the limits  
Limit in your mind  
Changing what you see again

Journey  
Into the people  
People that reach out  
Reach out for something  
Again and again  
The journey  
Beyond the limits  
Limit in your mind  
Changing what you see again and again  
The journey  
Beyond the limits  
Limit in your mind  
Changing what you see again

Into you  
Yes, into yourself and into the truth  
And again and again

Journey  
Into the people  
People that reach out  
Reach out for something  
Again and again  
The journey  
Beyond the limits  
Limit in your mind  
Changing what you see again

Into you  
Yes, into yourself and into the truth  
And again and again

Journey  
Into the people  
People that reach out  
Reach out for something  
Again  
The journey  
Beyond the limits  
Limit in your mind  
Changing what you see again
