

Eight Fingers Down, Severance Check

Just sign your name
Why should I? What did I do?
We can't explain
What's the grounds? It seems unfair
I guess I wasn't good enough?
Tattoos don't match a suit and tie
I don't think I should say goodbye
Conformity is not worth my pride
Here's your pay
Fuck you, this place and your check
Pack your things
All I need is my guitar
I guess I wasn't good enough?
Tattoos don't match a suit and tie
I don't think I should say goodbye
Conformity is not worth my pride
What did I do anyway?
It seems like I'm singled out
What did I do anyway?
Living life as I do
What did I do anyway?
Just let it go
I guess I wasn't good enough?
Tattoos don't match a suit and tie
I don't think I should say goodbye
Conformity is not worth my pride [x2]
