

Einherjer, Burning Yggdrasil

(Lyrics by Frode Glesnes)
(Music by Gerhard Storesund)

Blackened cinder black blood of wrath

Dreadful dominion the pit be prepared
Blackened wrath burn its becoming
The pit hath opened the cosmos alight
Split tongues speaks of sadness

Rise from the raging realms of muspell
Set the nine worlds ablaze
Flame feast rage and glow
The fiery world shall show

Burning Yggdrasil

Sinister slaughter the sword of the south
Hard death struggle harsh the world
Through vales of venom torrent poison torment
Fornication be rife

Fire fares with flaring flames
Avengers alligned
Come Muspell with Surt at helm
The elders slaughter

Burning Yggdrasil

See the abhorrent faith determined
Bleeding pleading death and killing
Feel the fire lick your flesh
Feel the rage rush to extreme
Despotic death destroying desperately
Terror tyranny taste the torment
Cruelty crushing crying chaos
The nine worlds burns foes will perish

Blackened cinder black blood of
