

Ekotren, Paper Thin

[1st Verse:]

I give up.

I give in.

Im so sick of trying theres nothing left to believe in.

You can fight your way through your so called life.

Im here to tell you dont waste your time.

[Pre Chorus:]

I wont.

I wont compromise.

I wont die.

[Chorus:]

I know your living in a lie.

Your faith is a paper thin disguise.

You feel that Im suicidal, maybe your just right.

[2nd Verse:]

It makes me sick.

The way that you rob life from your children.

Turning them into a lifeless army.

Watch as they march.

Your so proud.

Im here to say this ends now.

[Pre Chorus:]

I wont.

I wont compromise.

I wont live a lie.

[Chorus:]

I know your living in a lie.

Your faith is a paper thin disguise.

You feel that Im suicidal, maybe your just right.
