Ektomorf, If I Weren't

I don't believe it
do you believe it?
that I fucked up everything

When you close your eyes
and open your mind
you'll find the answer

time is too short now
and there's is no power
that brings us peace

I don't deny that it hurts
but it does fucking hurt
everyday is the same

but eye for an eye
a tooth for a tooth
I think of you like this

eye for an eye
a tooth for a tooth!
I kill my past

no more!!
